

PRESS RELEASE

No: 165/2018

Date: 16th March 2018

Further Update to Works on Devils Tower Road

Following the update on the Rockfall at Devil's Tower Road of the 15th March (No: 157/2018) HMGoG wishes to remind members of the general public that the section of Devil's Tower Road directly adjacent to the rock fall site will remain closed until the fence is completed and traffic will be temporarily diverted through the new access road and roundabout that was recently constructed as part of the runway tunnel project and will exit along Eastern Beach Road by the MOT Centre.

The traffic diversion will become operational as of this evening, Friday 16th March 2018 and appropriate traffic and diversion signs will be placed along the route to advise drivers accordingly.

HMGoG would also like to advise the general public that the Driver and Vehicle Licensing Department (MOT) will resume its services from the Motor Vehicle Test Centre (MVTC), Eastern Beach Road, as from Monday 19th March 2018. Driving and Theory Tests, CBT courses and MOT Tests will therefore be entertained from the MVTC as usual.

The Government would like to take this opportunity to apologise for any inconvenience caused.
