

**STATEMENT BY THE GSLP/LIBERAL OPPOSITION  
109/2009**

**28 August 2009**

The Opposition would like to congratulate all those students who passed their GCSE examinations.

All the indicators are that once again Gibraltar has done extremely well and that our pass rate is better than the United Kingdom average.

This is a credit to the hard work produced by the students themselves, the support of their families and the professionalism and dedication of the teaching staff in our secondary schools.
