

STATEMENT BY THE GSLP/LIBERAL OPPOSITION NO 97/09

The Opposition was saddened and shocked to learn of the sudden death of Francis Cantos.

Francis was always at the very centre of political life in Gibraltar, as a journalist, first with the Gibraltar Evening Post and later with the Gibraltar Chronicle. He was later employed as Media Director with the present Government, a post he has held until now.

There is no doubt that during his years as a journalist Francis was able to influence events in Gibraltar, particularly when he became Editor of the Gibraltar Chronicle which was then the only daily newspaper.

The Opposition extends our most sincere condolences to his wife, his two daughters and to the rest of his family.
